ADMINISTRATION OF JUSTICE/POLICE SCIENCE

Career Program

Degree Offered: Associate in Arts or Associate in Applied Science

Credits Required: 62

Contact: Miles Erpelding, Lead Instructor for Administration of Justice, at 316.322.3241

Program Information

Many of today's criminal justice positions require higher education to enter the profession or to advance to supervisory levels. Whatever your career, Butler's police science program is here to help you reach your goals. Butler's courses are approved by the United States Department of Justice for local police-training schools and meet requirements of Kansas law enforcement agencies for employment preparation and in-service professional training. You can also transfer to a four-year program.

The Associate in Arts degree is designed for students planning to transfer to a Bachelor degree program.

The Associate in Applied Science degree is designed for students seeking employment in the field of criminal justice following completion of their two-year degree and requires a minimum of 40 credit hours of course requirements in addition to the general education requirements.

After Butler

Career Opportunities include Police Officer, Federal Agent, Correction Officer and Court Officer.

FIRE SCIENCE

ASSOCIATE IN APPLIED SCIENCE

Your Butler experience will prepare you to perform the duties of firefighting and emergency services. You will study and acquire skills in fire-fighting equipment operation and maintenance, principles of fire science and combustible substances, methods of controlling different types of fires, hazardous material handling and control, emergency rescue operation procedures, public relations, and applicable laws and regulations.

FIRE SCIENCE

Career Program

Transfer Program

Degree Offered: Associate in Applied Science

Credits Required: 65

Contact: Tony Yaghjian, Fire Science Coordinator, at 316.323.0278

Program Information

The fire science program is committed to providing an integral link between formal education and the emergency services through essential training in life safety, protection of property and environmental conservation, benefiting the students and the communities they serve. Butler's Fire Science Program is located in the El Dorado Fire Department in Downtown El Dorado. Butler's Fire Science Program offers a large selection of courses in Butler, Sedgwick and Counties. The majority of the courses are taught in the fire stations at those locations. Instructors are current fire service personnel ranging from Firefighters to Fire Chiefs. Students can satisfy their cooperative education requirements by serving as a Volunteer Firefighter at those locations.

Additional Costs

An additional lab fee is assessed to each program course to cover cost of equipment repair and replacement along with replacement of consumables. All courses, with the exception of those listed below are \$50 per class. Fees are subject to change.

Course	Fee
FS 100 Firefighter I	\$200
FS 103 Fire Office I.....	\$200
FS 125 Fire Inspector I.....	\$200
FS 140 Emergency Rescue	\$100
FS 141 Rope Rescue I.....	\$100
FS 142 Rope Rescue II.....	\$100
FS 149 Surface Water Rescue	\$100
FS 150 Vehicle Machinery Rescue	\$100
FS 265 Apparatus Driver Operator Pumper	\$200

Service Certification Exams

At the end of each semester students will have the opportunity to test through a third party tester for Fire Service Certifications. These certifications are recognized nationwide within the fire service. Specific courses are designed to meet or exceed the national Standards, preparing the student for the exam. Students must meet specific criteria in order to be eligible for testing.

The City of El Dorado Fire Department, in conjunction with the Butler Community College Fire Science Department Residency Program: The Fire Science residency program is an opportunity for college students who are enrolled as fire science majors at Butler Community College to gain a two-year experience working with a municipal fire department, while achieving an associate's degree through Butler Community College.

The residency program will provide positive training and experience to men or women pursuing a career in fire and emergency services. While enrolled, the program will provide a learning environment where students may take advantage of college level instruction, continuing education seminars, and skill development through on-the-job training. Fire protection and emergency services in every city is recognized as a vitally important service. New and unusual problems resulting from rapid technological advancements, urbanization, industry, and modern modes of transportation have drastically broadened the scope of fire protection responsibilities. The fire and emergency services of today have become more technical, requiring individuals working together to provide public education, fire protection, emergency medical services, as well as mitigating hazardous materials incidents, and performing fire suppression and rescues.

SOCIOLOGY-SOCIAL WORK

Career Program

Degree Offered: Associate in Arts or Associate in Science

Credits Required: 62

Contact: Nita Jackson, Behavioral Science Lead
Instructor, at 316.218.6200

Program Information

What can you do with a career in Sociology or Social Work? Sociology is the scientific study of human society and group behavior. Entry level positions in business, social service and the government offer you the opportunity to use the skills you have learned in dealing with people. You can use your degree in sociology as a broad liberal arts base for a profession in education, law, medicine and social work. A bachelor's degree in sociology is excellent preparation for continuing your graduate work to become a professor or researcher. Our Sociology program will provide you with the first two years of courses designed to transfer to a college or university. If you are interested in understanding how social groups, organizations, cultures, communities and different societies work, then Butler's sociology curriculum will fit your needs.
